

Why Do You Need Hot Keyboard?

<http://www.hot-keyboard.com/>

- A) Avoid typing the same text again and again (phone, homepage link, address, greetings, signatures,) in the messages, documents, and web forms
- B) Stop wasting your time on mouse movements searching for an application in a cascade of menus and folders
- C) Keep your desktop clean (photo of your dog looks better than 100 icons)
- D) Control computer sounds instantly from any app (somebody's calling? mute music!)
- E) Open favourite web pages with a single hotkey press
- F) Manage sound tracks in the computer cd player or even WinAmp MP3 player
- G) Build a sequence of actions and execute it with a shortcut
- H) Record keystrokes and play them back a specified number of times
- I) Keep the same hotkeys on different computers with import/export feature, or even synchronize macros over the network
- J) Use Hot Keyboard on quite old computers and modern ones (Windows 95/98/ME, Windows NT/2000/XP/2003/Vista/Windows 7 or Windows XP/Vista/7 64bit are supported)
