

# TIP OF THE DAY

## 1) Data Backup

Backup daily with Genie Backup Manager and don't be sorry later. Genie have never ever let us, or our clients down. This is the only backup system we use and trust. Download a free trial [here](#) and test!

## 2) ESET NOD32 Anti-Virus Protection

This is the only virus protection we use and trust. ESET will not slow your computer down like most other virus protection software. Contact us for a quotation and more info.

## 3) UPS Battery Backup

Hardware and Data are damaged by power surges that were caused by load shedding and power cuts. When the power were off and eventually restored, power surges caused damage to hardware and corrupt your valuable data.

## 4) APC Professional Power Surge and Lightning Protection

Protect your Hardware and Data. Surges are sudden short increases in voltage. Surges are normally caused by the switching off of heavy duty equipment. Dips are the opposite of surges, a dip normally occurs when heavy duty equipment like lawnmowers is switch on.

## 5) Steven the Painter

Steven the Painter Cell 076 504 1324 renovated our offices. We found him very skilful and reliable with outstanding workmanship. Call Steven now and ask him for a paint quotation.
